

Ruth's Table

Since 2009, Ruth's Table is using the power of creativity and intergenerational relationships to build a more inclusive, resilient, and connected community. Today, it is more important than ever to fight loneliness and isolation with love for our elders. From delivering creative care kits, language-based connections, virtual programs and exhibitions, to partnerships, we are facilitating avenues of creativity, learning, and empowerment to support and uplift our most vulnerable communities.

Creative Spark

Created in partnership with RT, Creative Spark provides consultation, curriculum, and training for organizations and professionals working in engagement programs with older adults and individuals living with dementia.

"

With encouragement that I received in class, I learned that I too am an artist. I learned the joy of celebration of self and so enjoyed the artist in me.
